

Princess – Giants (Start to 1.10)

I know what it's like to be feeling small
In a corner with your back up against the wall
Caught up in a trap and you can't get out
I know what it is when it's hard to breathe
'Cause you turn into your own worst enemy
Blaming everything on yourself right now

And even the best get it wrong sometimes
We take a left when we should have turned right

Don't let the fear keep you from climbing
And if you fall to the ground just keep trying
Head up in the clouds, never looking down
Nothing's gonna stop us this time around
We could be giants, oh-oh, you and I
We could be giants, giants, oh-oh
